Target Audience : All I Year Girl Students and women Staff of LBRCE

Total no of Participants : 380 (All LBRCE Girl Students, women Staff)

Objective of the event : To create awareness about “**Gender Bias in Society**” to the students.

Outcome of event : Gender bias involves empowering all students and providing them with the same human rights. It also includes correcting biases students hold about themselves or gender identities other than their own. The important thing is for students to acknowledge their own assumptions. Once they do, they can challenge them to actively change those assumptions to recognize that a person’s abilities are not linked to their gender. To motivate the students upon their responsibilities towards the society.

Feedback / Suggestions : Most of the students said that it is useful and asked for conduction of more programs in future
