Minutes of 11ᵗʰ Board of Studies (BoS) Meeting Conducted on 11-07-2020

Chairman, BoS extended a warm and hearty welcome to all the Hon'ble members of the BoS. He expressed sincere thanks to them for conveying their willingness to be on the Board of Studies. He conveyed regards to all the members for their valuable suggestions, advices, guidelines and concern toward overall development of the department. Further he requested them to guide the department to reach greater academic position with their wisdom.

He has placed the agenda of items of the meeting for consideration, suggestions and approval from the members of the BoS. Few constructive recommendations/comments were given by Hon'ble members. The HoD expressed his happiness for such fruitful discussions and excellent guidance being offered by all the Hon'ble members.

With the reference to each agenda item, proceedings of the Board of Studies meeting are given below:

Items placed in the present meeting.

1. **Finalization of course structure for B. Tech Program under R20 Regulations**
   After a lengthy discussion on Course Structure, the following recommendations were made by Hon'ble members.
   - To change Object Oriented Programming through JAVA course name to Object Oriented Programming offered in IV Semester and give the provision to teach either C++ or Java.
   - To drop the Visual Analytics Lab and Web design Lab courses offered in IV Semester to reduce the burden on students. These Lab credits can be covered by including a theory course i.e. **Introduction to Artificial Intelligence**.
   - To replace the Compiler Design Lab offered in VI semester with **Data Visualization Lab**.
   - To include the courses **Information Retrieval System, Digital Forensics & Social Network Analysis** as one of the Program Electives in V and VIII Semesters respectively.
   ➢ **With the modifications Course Structure of B. Tech Program was Approved.**

2. **Detailed discussion on UG course content (syllabus) of semesters I-IV under R20 Regulations along with Course Outcomes & Mapping (COs).**
   After a lengthy discussion on Course contents, CO Statements and Mapping, the following suggestions were given by Hon'ble members.
   - In the 1st semester **Universal Human Values** course under HS course code may be taught by Science & Humanities department in association with CSE. Also call the competent persons externally to emphasize on human values and ethical values.
   - Object Oriented Programming course syllabus should cover all the basic concepts of OOP and also include the concepts of differences between functional programming and object-oriented programming. The syllabus should not be restricted to the JAVA language.
   - Programs / Exercises in OOP Lab course should be a generalized one and give the provision to implement using either C++ or Java language.
   - At least 3 or 4 programs in DBMS, OS & CN Laboratories may be in Blooms' Level 5 & 6.

3. **Discussion and approval of Open Electives offered for B. Tech program under R20 Regulations.**
   - BoS approved the Open electives offered by CSE & Suggested to include Game Theory course in Open Electives offered by the other departments.

4. **Finalization of course structure & content for M. Tech Program Under R20 regulation.**
   After a lengthy discussion on Course Structure & Content, the following recommendations were made by Hon'ble members.
   - To change Machine learning course name to Applied Machine Learning and update the syllabus accordingly.
   - To include Internet of Things course in open electives offered by other departments.

5. **Discussion on Minor Degree / Honors concept for B. Tech Program under R20 regulation**.
   - BoS felts that Clear distinction is required between Open Electives and Minor degree / Honors courses and will be discussed after getting the approval from University.
