DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Report on "Cisco Cyber security Learn-A-thon"

Type of Event: Workshop

Date/ Duration: 16-07-2018 to 30-07-2018 / Two Weeks

Resource Person(s):   Professionals from CISCO NETACAD

Name of the Coordinator(s): Mr. K.Rangachary, Asst. Professor, Dept of CSE.

Target Audience: : CSE & IT Staff, B.Tech and M.Tech Students

Total no of Participation: 158

Objective of the event:

The main objective of this workshop is enabling the students to learn the basics needed to fight cybercrime with Cyber security Essentials Course.

The participant students in this Learn-A-Thon earned a digital Badge. 13156 students shared passed assessment students' details and received the Badge Digital Badge called **Cyber security Essentials**, and they shared in their social and professional networks.

Outcome of the event:

After completion of this workshop participant will learn:

- Understand security controls for networks, servers and applications.

- Learn valuable security principals and how to develop compliant policies.

- Implement proper procedures for data confidentiality and availability.

- Develop critical thinking and problem-solving skills using Cisco Packet Tracer.

Description about the event:

A single breach can have huge consequences for a company's ability to function, hurting the bottom line and causing disruption in the daily lives of millions of people. This is why the demand for security professionals continues to grow. Get onboard and develop an understanding of cybercrime, security principles, technologies, and procedures used to defend networks. Then decide whether you want to pursue an entry-level networking or security role professionally.

Feedback/ suggestions

1. I like this workshop very much because of its instructiveness.
2. I got some insightful knowledge about Networking after going to this workshop.
3. It would be nice that if this was conducted at earlier semesters.
