DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Report on A Guest Lecture on

"Data Science Applications and Engaging technology in Data Science Industry"

EVENT TYPE: Guest Lecture

DATE : 06th May 2022

NAME OF COORDINATORS: Dr. Y V Bhaskar Reddy **Assoc. Professor,**
Dept. of CSE

Target Audience: IIB. TECH CSE STUDENTS

Total no of Participants: 210

Objective of the Event:

The main objective of this guest lecture is to enlighten the students about the **Data Science Applications** is a trending concept, Data Science is an interdisciplinary field of Computer Science that involves creating algorithms and models to extract, process, visualize and find hidden patterns from raw information. Data Science can also predict future events based on the present and past data.

Outcome of the Event:

On completion of this Guest Lecture Student can be able to:

- Students gained knowledge on important applications of Data Science and its real time applications.
- Acquire Knowledge on different Categories and Classification of Data.
- Acquired skills to develop applications/projects with latest Data Science Tools.

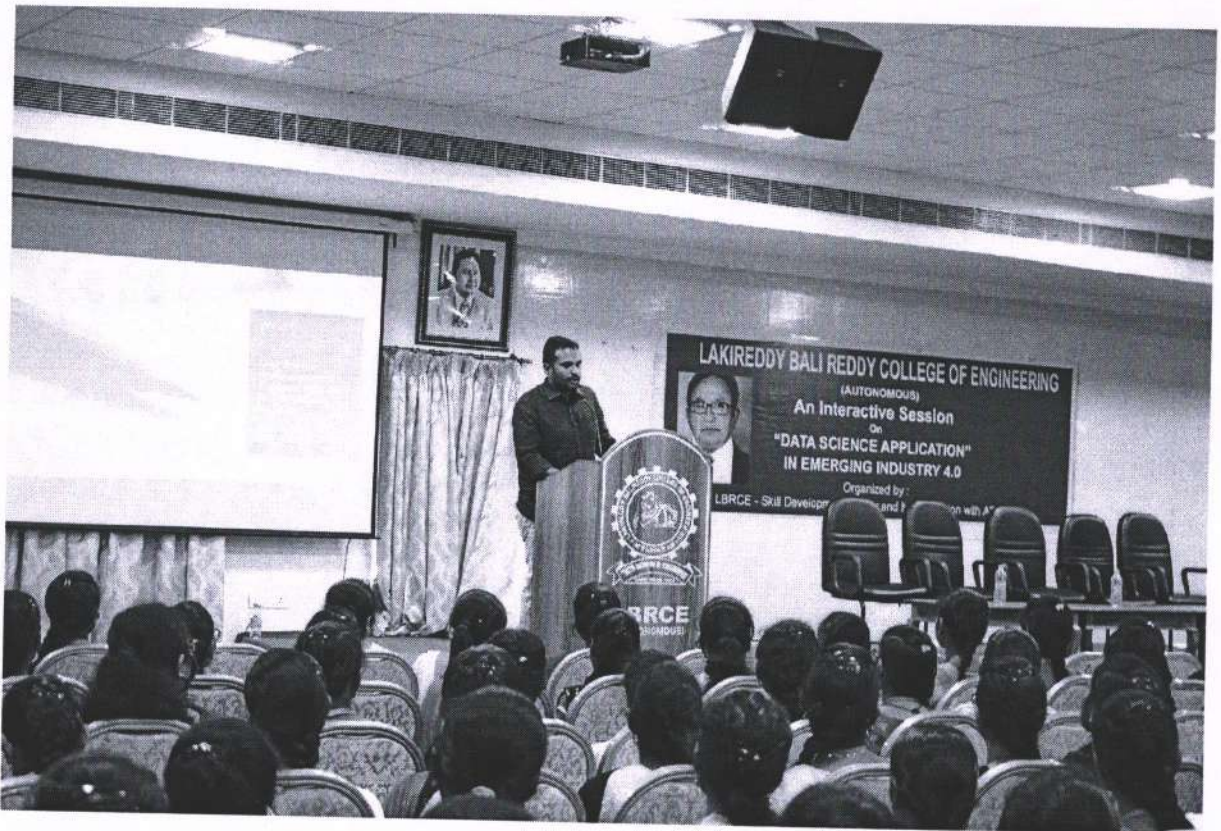

Description of the Event:

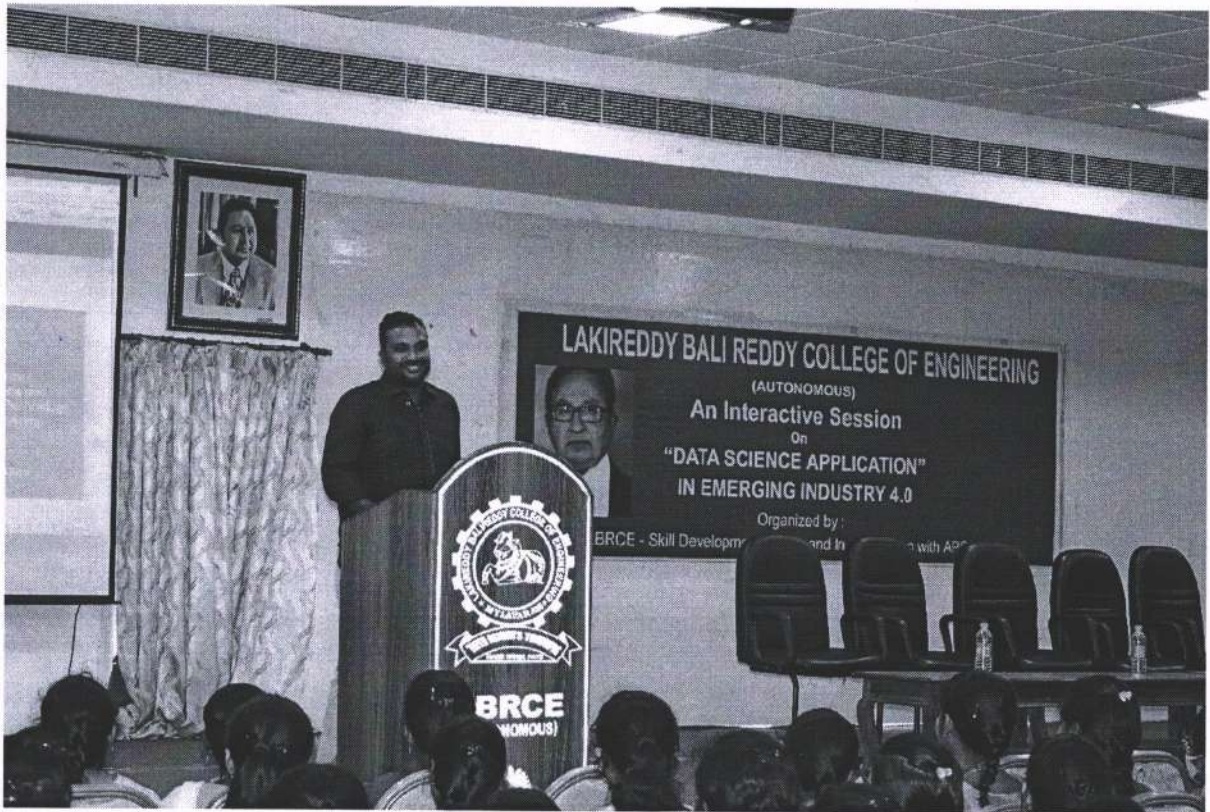

Oneday Guest Lecture on “**Data Science Applications and Engaging technology in Data Science Industry**” was held on 06thMay 2022, Friday, which is organized by Department of CSE, LBRCE. The Resource Person for this Guest Lecture **Mr Srikanth Ayalasomayajulu, manager at Accenture Digital at Accenture AI, Hyderabad**. It was organized for the benefit of IITB. Tech CSE students to enhance their skills in Data Analytics. Resource Person focused mainly on the Data Science Techniques to different problems how to analyze, think & apply in a proper manner.

Feedback / Suggestions:

- I have enjoyed this Guest Lecture by learning some new concepts which I do not know earlier.
- All practical examples that Resource Person shown us are nice to understand the concept in a good way.

Screenshots of Training:

Impact Analysis:

- This guest Lecture focusing on solutions that can be moved to a new platform.
- Students benefit to do their projects in Data Science Platform
- This Lecture fascinates to explore a career in the industry.
