A Report on "One Day Guest Lecture/Seminar on Research Insights in Machine Learning"

Event Type   : Guest Lecture/Seminar

Date(s)   : 06-07-2019

Resource Person   : Dr. E Srinivasa Reddy, Principal, ANU.

Name of the Coordinator   : Mr. G V Suresh

Target Audience   : III and IV Year CSE Students

Objective of Guest Lecture:

Orientation about the recent trends and research opportunities in the Machine Learning. This Lecture will help the students to choose a right path for their career. It is an interaction session where students may take clarifications for their career related queries.

Outcomes of the Guest Lecture:

After completion of the Guest Lecture "**Research Insights in Machine Learning**", the students are expected to:

- Understand complexity of Machine Learning algorithms and their limitations;
- Understand modern notions in data analysis oriented computing;
- Be capable of confidently applying common Machine Learning algorithms in practice and implementing their own;
- Be capable of performing distributed computations;
- Be capable of performing experiments in Machine Learning using real-world data.

Total Participation: ~150

Feedback:

- Students said, the session is more interactive and helped them to clear their doubts.
- The session made the students to think about their career more seriously.
- Students said, they got more clarification about research opportunities in Computer Science stream.
