

Ramesh Babu Darla received the B.Tech degree in Electrical engineering from ASRCE, JNTUH, India, in 2004, and the M.E. degree in control systems from COEP, Pune University, India, in 2005, Pursuing a Ph.D from School of electrical engineering VIT, Vellore India.

He has 16 years of experience in power electronic product design and development such as UPS, Solar Inverters, SMPS, wireless power, AC to DC & DC to DC power converters, and embedded hardware. From 2005 to 2006, he was an Assistant Professor with department of Electrical Engineering, VEC. From 2006 to 2007, worked as R&D Engineer, Amara raja Power systems. From 2007 to 2010, worked as Assistant Manager R&D, Intelizon Energy Pvt Ltd, Hyderabad. From 2010 to 2013, he worked as Lead R&D engineer, Schneider-Electric, Bangalore, and from 2013 to 2015, at SHARP, Bangalore as Technical lead R&D. Since 2015, working as Sr Engineer – Power CQT, T&Q, Cisco Systems India. His current research Interests include SMPS, dc-dc converters, ac-dc converters, converters reliability, failure analysis, artificial neural networks, distributed power for telecom and networking, and EV chargers.
