

M.Tech Project Review Meeting held on 12-09-2014

EEE Department of LBRCE is known for its quality and standard of B.Tech & M.Tech projects. Students are encouraged to select latest research topics from reputed journals as their project works to be carried out and research guidance is given by the Visiting Professors in the Department regularly. In this connection, for II M.Tech (PE&Drives) students of 2013 batch, Phase-I of project guidance is organized by EEE Department on 12-09-2014. Guidance to project topics selected by students from IEEE journals is given by Dr.Mylavarapu Ramamoorthy garu, Visiting Professor in the department. Each individual student along with his/her supervisor are given an overview of selected journal paper and helped them in understanding the paper.
