#### Description / Report on Event:

**LBRCE IEEE Student Branch** of our college in association with Green Energy Club of EEE Department is conducted the Power Point Presentation Competition on “The ethical responsibility of the engineers towards the public” on the occasion of “**Engineer’s Day**”.

Engineers play a vital role in shaping society. They are instrumental in developing innovative technologies and solutions to address global challenges, ranging from clean energy to sustainable transportation. Engineers also contribute significantly to sectors like healthcare, communication, information technology, and environmental conservation. They are at the forefront of technological advancements, whether it is developing AI systems or designing efficient manufacturing processes. Through their creativity, technical expertise, and problem-solving skills, engineers have the power to transform ideas into reality.
