Internal Quality Assurance Cell (IQAC)

Event Description

|	Five Day Program on "Pedagogy Techniques for Effective Teaching Learning" (13.09.2021 to 17.09.2021) **Organized by** Internal Quality Assurance Cell (IQAC), LBRCE, Mylavaram
Resource Persons	1. Dr.K.Appa Rao, Principal, LBRCE 2. Dr.M.Srinivasa Rao, Professor of CSE and Dean of Academics 3. Dr.E.V.Krishna Rao, Professor of ECE and Dean R&D 4. Prof.B.Ramesh Reddy, Coordinator, IQAC
Topics Covered	1. Classroom Management and Relevance of OBE in Engineering Education 2. Teaching Methodologies in the Present-Day Contest 3. Importance of R&D in Engineering Education 4. Effective Engineering Teaching
Participants	43 Faculty Registered
Demo Lectures Conducted for all Participants	1. Introduction of a course in the first day of your class 2. Introduce Course Outcomes (COs) in the first week of a semester 3. A regular class before a mid-examination as per the timetable 4. A class after a mid-examination (After evaluation of answer scripts) 5. You are in a class and there is force to continue next immediate hour 6. While taking attendance, you came to know that more students are absent in your previous Topic, now they are present 7. While teaching a class, few students are making noise 8. Some students are irregular to your class, now they are in the class 9. HOD told you to take extra class (Last hour), but students are not interested to listen your subject 10. How to mentor your students in a counselling class 11. After I-Mid examination, you are taking a class by knowing your feedback, which is low 12. Power failure, while your class presentation (PPT) is going on 13. Semester results are announced, and more students failed in a particular course, which is a prerequisite of your current course 14. In your class only 50% students are attended / present

Brief Report

In commemoration of the National Technology Day-2022, LBRCE Internal Quality Assurance Cell (IQAC), Bharatiya Vijnana Mandali (BVM) and Science City of Andhra Pradesh are jointly organized a one day seminar which is sponsored by Science City of Andhra Pradesh. This program is conducted on 11-05-2022 for Tech., II-Sem students.

We have invited Chief guest and Resource Person as Dr.H.N.Das, Scientist-G, Naval Science and Technological Laboratory (NSTL), Vishakhapatnam, Guest of Honour and Resource Person as Sri.K.S.Sastry, State Coordinator, Bharatiya Vijnana Mandali (BVM) and Dr.K.Jayarami Reddy, CEO,Science City of Andhra Pradesh.

The Convener of the program Prof.B.Ramesh Reddy has highlighted the importance of National Technology Day. National Technology Day is celebrated on May 11 every year to honor the contributions of India's scientific community including scientists, researchers and engineers. On May 11, 1998, India successfully carried out nuclear tests at the army's Pokhran test range in Rajasthan. After this test, India became the sixth country to join the 'Nuclear Club'. The tests were led by the late A P J Abdul Kalam, an aerospace scientist who went on to become India's eleventh President.

On the same day in 1998, India tested its first local aircraft Hansa-3 which took flight in Bengaluru. The aircraft was meant for surveillance, pilot training, and other investigation purposes. The day also saw the successful test firing of the surface-to-air missile Trishul. With multiple technological advancements accomplished on the same day, the Indian government declared May 11 as National Technology Day. It was officially signed by the Prime Minister Atal Bihari Vajpayee.
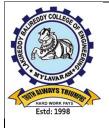

Since then, the Technology Development Board (TDB) has been celebrating the day by honoring technological innovations that have added to the national growth. Each year the Board organizes an event where the President of India confers awards to scientists for their contributions. Various seminars and workshops are also held.

Principal Dr.K.Appa Rao, addressed the gathering regarding technological developments. Our guest of honor Dr.K.Jayarami Reddy, CEO,Science City of Andhra Pradesh given an elaborate talk on state government initiatives, Innovations and Incubation. Todays resource person Sri.K.S.Sastry, State Coordinator, Bharatiya Vijnana Mandali (BVM) has given an expert lecture on work done by Indian scientists for the development of our country. Finally Chief guest of the program Dr.H.N.Das, Scientist-G, Naval Science and Technological Laboratory (NSTL), Vishakhapatnam has given an elaborate talk on Evolution of Technology.

For this program, totally 350 students, 25 teachers and guests are participated. They have given very good feedback about the program. Students suggested to conduct some technical programs and prizes to be presented for winners for the National Technology Day-2023. Finally, I thank Dr.K.Jayarami Reddy, CEO, Science City of Andhra Pradesh for sponsoring the seminar grant of Rs.30,000 to conduct National Technology Day-2022 at LBRCE, Mylavaram.
