8/6/2018

Summary of Stakeholders meeting conducted during Academic Year 2017-18

Students

➢ Analysis of theoretical concepts with modern tools is required.

➢ More number of workshops on advanced topics need to be conducted.

Teachers

➢ A course on optimization techniques based on heuristic and meta-heuristics methods is recommended.

Employers

➢ Industry related topics are to be incorporated in courses.

➢ Courses related to entrepreneurship need to be incorporated.

Alumni

➢ Inclusion of state of art technologies in courses

➢ Hands on training on Python programming is required for employability.

Parents

➢ Guidance may be provided towards employability.

Action taken report

● Analysis of theoretical concepts with modern tools is introduced in R-17 regulation.

● It is planned to conduct workshops on advanced topics.

● A course on 'Classical and Heuristic Optimization techniques' is introduced in R17 regulations.

● Courses related to entrepreneurship skills and industry needs are incorporated in curriculum.

● Certification program on Python programming is under process to be taken up in academic year 2018-19.

● GATE classes are being conducted in department for interested students.

● FDP on "Meta Heuristics – application to Electrical Engineering' is conducted.
