## DEPARTMENT OF MECHANICAL ENGINEERING

### Summary of Stake holder feedback and analysis on syllabus during the A.Y.: 2022-23

#### Students

- Give the permission to do project work along with the internships in reputed industries.
- Provide training classes on coding skills apart from the GATE classes.
- Organize skill-oriented workshops.

#### Teachers

- Include Engineering graphics for all the branches of engineering.
- Add basic mechanical engineering to all the branches.
- It is advised to improve the students' soft skills and better job opportunities.

#### Employers

- Entrepreneur Development Skills are expected from the students.
- A course related to estimation, cost oriented is necessary in view of students working in
- Industries.

#### Alumni

- Improve the Alumni-student interactions through workshops and guest lectures and interactive sessions.
- Increase the core placements.
- Provide the industrial visits to the students on regular basis.

#### Parents

- Parents requested to provide courses which enhances the employability skills.
- Students counselling is needed for the present generation.
- Environmental studies are needed for the current students.

#### Action Taken Report

- ✓ Permission is given for the students, who are willing to complete their project as well as internships at reputed industries.
- ✓ Special classes are planned for improving the student coding skills.
- ✓ Classes are arranged on Entrepreneur Development Skills and included the environmental studies for the students in the curriculum.
- ✓ Skill oriented programs are planned and will be implemented.
- ✓ Industrial visits are planned at regular interval for the students.
- ✓ Already student counsellors are arranged to give enough guidance, motivation, and valuable suggestions for the overall improvement of the students.
