Suggestion given by BOS members

1. Discussion and approval of syllabi of V and VI semester, specification of Cos and CO-PO articulation matrix
 - Introduce at least two case studies in the machine learning subject.
 - Better to shift Distributed Operating System course to the next VI semester and Computer Network in the V semester.
 - Along with the name textbook specify the year and edition also.
 - Give project as an assignment to some students, at least for one subject in the semester.
 - In the pre-requisite for every subject, place the subject name instead of the topic name.
 - Increase the number of subjects in Program Electives.
 - Rearranged the subjects in program electives.
