About the Program

Machine Learning (ML) is an emerging technology which aids computers solve problems which are hard to program. Essentially, ML is a set of algorithms that attempts to learn automatically from past data. ML uses various techniques for building mathematical models and making predictions using stipulated data. Currently, it is being used in various domains such as Computer Vision, Speech Processing, Text Processing, etc.

The **6-day Online Faculty Development Program (FDP)** consists of six sessions (of two hours each, **2PM to 4PM**), covering a wide range of topics and handy tools for the participants who are enthusiastic towards conducting research in the field of **Machine Learning**. The FDP is planned in such a way that, participants will be enlightened with both, in-depth theoretical knowledge as well as practical implementation.

Objective of the Program

- ❑ To develop a strong foundation for research in Machine Learning.
- ❑ To understand the insights of a few important ML concepts.
- ❑ To elaborate implementation of ML Algorithms that are currently in practice.

Eligibility Criteria

Faculty from AICTE approved Institutions, research scholars and PG students, as well as professionals from R&D organizations and Industry are considered eligible.

Important Dates

Last Date of Registration: **18-June-2023**
FDP: **19-June-2023 to 24-June-2023 (2 to 4PM)**

Certificate Criteria

An exam (including objective type questions) will be conducted. The participant with **50%** score in the exam along with **80%** attendance is awarded a certificate.

About the Institution

LBRCE was founded through Lakireddy Bali Reddy charitable trust in 1998 which stands for quality technical education which is exemplified by the continuous strides it has taken towards excellence in the last two decades. Started with an intake of 180 and now our intake is of 1152 Students. It has got Autonomous Status in the Year 2010 from UGC, which is extended for a period of 06 years in 2016.
